Security Between Us

MOTIVATING JENNY

Participant Instructions

The Workshop (60 minutes)

5 min Think of a project you have worked on. Possible starting points are:

- Inter-department collaboration
- Client projects
- Something internal for the team

25 min Create a model of the environment. Include:

- Technical elements
- The social context
- Temporal dimension: sequences, iterations, change over time

5 min Use cards or post-it notes to annotate the model. Add:

- A title
- Process
- Technological controls
- Policies and regulations

20 min Reflect on the model with the facilitators. Things to consider:

- Where is security in this model?
- What works well in this environment?
- What doesn't work?
- What would make security in this environment better?

5 min Wrap-up

- Next steps?
