

# Attitudes To Interruptions PDF

Cluster: **Cluster of clusters (9-14) 1 of 5**

*Not overloaded or very concerned about interruptions; low level of confidence and trust in online services; less interested in investing effort in training; switching off from work not a problem*

Showing data for 34 responses

**I receive so much information online that I often miss things that are important or time critical**

**I don't mind being interrupted when it's about something important**

**I often receive notifications about things that could have waited for later**

**Getting interrupted by notifications/alerts when I'm trying to get things done is a problem for me**

**My online services always get it right about what I want to be interrupted with**
