

Attitudes To Interruptions PDF

Cluster: **Cluster of clusters (9-14) 3 of 5**

Not overloaded or very concerned about interruptions; low level of confidence and trust in online services, but prepared to invest effort in training; privacy oriented; switching off from work is a problem

Showing data for 27 responses

I receive so much information online that I often miss things that are important or time critical

I don't mind being interrupted when it's about something important

I often receive notifications about things that could have waited for later

Getting interrupted by notifications/alerts when I'm trying to get things done is a problem for me

My online services always get it right about what I want to be interrupted with
