I keep my work and personal applications entirely separate

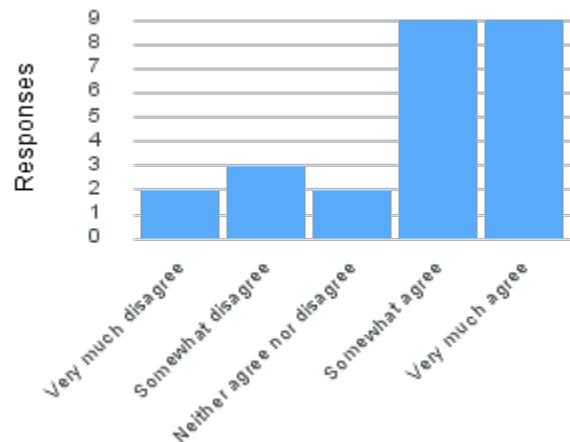

I find it easy to switch off from work

I'm happy to receive some work-related notifications during personal time

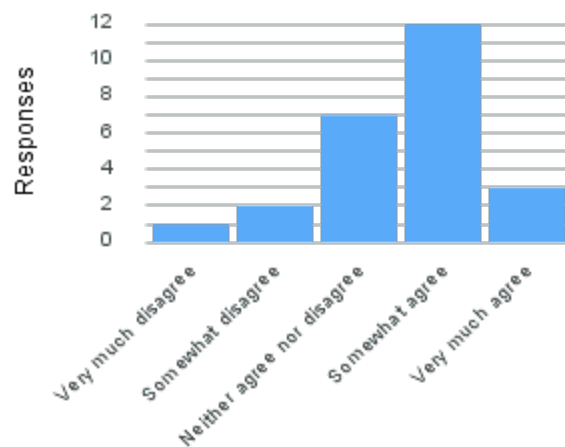

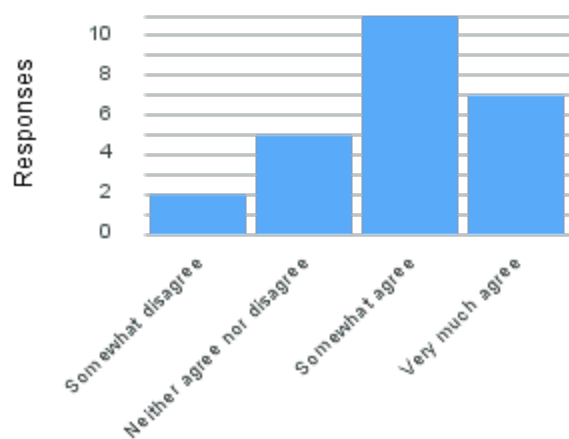

I prefer to keep certain applications for personal things and not for work

I'm happy to see personal notifications while I'm at work

My employer is happy for me to receive personal notifications while I'm at work

I don't mind both work and personal information coming from the same device or application as long as it gets the timing and content right
